Anywhere. Anytime. Any Device.

Pdk io provides the most powerful and streamlined access control platform on the market. Experience full configuration and management from any internet-connected device. Manage users, create groups, open and close doors, set system rules, send SMS & email alerts, instantly allow or revoke facility access, and more. All in a single App. Backed by the industry's highest security standards, pdk io services are hosted in highly secure and redundant cloud servers. For added security, two-factor authentication for users can be enabled before any account changes take place.

Access control has never been this simple

Intuitive Mobile and Web Interface
Customizable Rules Engine
Visually Appealing Hardware

Defining the future of access control
